

Combination - for cooking and serving

Combination - a smart mix of a pair of tongs and a ladle, is a tool for both cooking and serving, for amateurs and professionals. Combination is perfect when frying and grilling meat, fish and vegetables and is at the same time excellent for serving gravy and side dishes without changing tool. Through its design Combination is stable and easy to use.

When serving salad Combination lets you pick up both the pine nuts and the dressing which often hides at the bottom of the salad bowl. When dishing up a hotpot booth meat and sauce will be easily picked up.
